

The `mkessler-math` package

Maximilian Keßler

October 19, 2023

Abstract

A ready-to-use math package that just glues lots of other packages together.

1 Usage

```
\usepackage{mkessler-math}
```

2 Loaded packages

We load the following:

IEEEtrantools, algorithm2e, amsmath, amssymb, amsthm, esint, latexsym, math-abx, mathtools, mkessler-categories, mkessler-faktor, mkessler-mathalias, mkessler-mathfig, mkessler-mathfixes, mkessler-mathfont, mkessler-mathop, mkessler-mathsymb, mkessler-unicodechar,
